- Best way to win is to play "conservative"
- Moving fast and using the elevator to the right on you way back will be grant you a new timer and a chance for more tips.
- If you try for the BONUS tip that's awesome but you won't reach the million that way...

Credits and Thanks!

This is my 3rd creation of an Atari game. After playing them for so many years it is great to contribute in the fun in even this small way. If you loved the game, drop me a line and let me know about your first day on the job.

No actual maids or guests were confronted, used or harmed in the production of this game just a few bell cart dents

The Story of Jimmy the Bellman :

Finally landing what he thought was his lifelong dream job, Jimmy was excited for his first day at work. As a bellman at a swank hotel, he saw himself donning his fancy uniform and greeting guests, placing their bags on a cart, and taking them up to their rooms. He imagined meeting and chatting with important people, hollywood stars, and providing a leisurly, sophisticated white glove service.

Jimmy came into Hotel Crazy in Las Vegas and was excited to find that his first shift would be New Years Eve! Imagine all the cheer (the tips!) the flash and buzz of activity!

He soon realized that it would not be all about the money or the contacts. Any thoughts of sophistication went out the window as he got the rude awakening that his dream job quickly turned into a nightmare! He had been told to expect to serve "a bit more than usual" as "most of the staff got the evening off", AND he was told to stay for the 6am run, in essence to plan to work a double shift! Arriving at the hotel, determined to make a good impression on his new boss regardless, he then found he would be the ONLY person on staff that night!!!!

Gist of the game :

As the Bellman of Hotel Crazy you will deal with an insane environment by not just grabbing the bags and delivering them but having to do it FAST. You must guide Jimmy to each suite in a matter of seconds. To make this harder, Jimmy will encounter crazy maids with vacuums ready to suck you in.
