GAMES CHECKlist

A Complete Games List for the Intellivision Collector

Intellivision Games Checklist

The Games Checklist has been produced to keep track of all of your Intellivision games. It includes an alphabetical list of the 138 known game carts produced for the Intellivision system. In addition, there is a list of rare Intellivision test carts, multi carts, & other items. The list is complete with Game Picture, Game Title, Game Number, Manufacturer, Rarity & even has check boxes for the cart, game box, manual, & overlays.

(Note)

This Checklist is for produced game carts. It does not include any Intellivision systems, add-on devices, unreleased, one of a kind, cassette, PC, emulator, or rumored games. This is a list of games and carts that you can actually acquire.
