

Game	Virtual Jaguar GIT (7/12/2016)	Virtual Jaguar 2.1.2	Project Tempest v0.95	General Emulator Notes	Tester	Possible PC Rig Specific Issues & Other
Alien vs Predator	Yes		Yes	Only tested marine so far. Recommend PT.	Jagosaurs	VJ GIT: Running at 27 to 35 FPS a few. Doors open a little slower than on hardware. PT: Running nicely. Turn faster and doors open better. Shows as 60 FPS.
Atari Karts	Yes* Needs Testing		No	Per Saturn: Atari Karts is a bit slow in VJ but crashes later in the game. Per MayDay: ran through three races and crashed out as I ended the third race. I was watching frame rate a lot more carefully and it was running in 40s-50s for the most part.	Jagosaurs Saturn Mayday	VJ GIT: Runs. Maybe a little slow (or just the game?). 40-45 FPS. I don't own to compare.
Attack of the Mutuant Penguins	No	No	No		Jagosaurs	
Breakout 2000	Yes		Yes		Jagosaurs	Sound seems off (too bassy), but gameplay fine. I don't own to compare.
