Dear Video Game Enthusiast;

Thank-you for your request for more information on our products. Please find enclosed our latest brochures on our video game accessories. All of our products should be available at Video game stores in your area. If however, you cannot locate them- we will be more than happy to sell to you thru direct mail.

The Original "SUPR-STICK DeLux" which sold at \$39.95 is temporary out of production-it will however be re-introduced October 1,1983 with Automatic Fire Control and Suction Cup Feet, at a reduced price of \$32.95. It will still be compatible with all Atari type game systems.

The SUPR-STICK XTRA LITE" -our new smaller version of the "DeLux", should be available August 15,1983, it will have a retail price of \$22.95.

The SUPR-STICK CC" for Colecovision-also should be available August 15,1983- will be retailing at \$32.95.

In addition to our "SUPR-STICKS" please note our line of specialty extension Cords. The 6' Joystick extension cord, the Y-Cord and X-Cord all sell for \$7.75 each. The 6' Game monitor extension cord is only \$3.25 each. All Cords are currently available.

Watch in the future for other exciting products from D-ZYNE VIDEO. Some which will include the "SUPR-STICKS" for Intellivision 1 & 2, Texas Instrument Computers, Radio Shack-Color Computers and a Pistol-Grip type Controller.

If any items are purchased by mail order in quantity of 4 (Four) or more,prices will be subject to a 10% discount. All orders are sent COD, UPS Cash only. Thank-you for your interest in our products. Will be looking forward to hearing from you soon.

Sincerely,

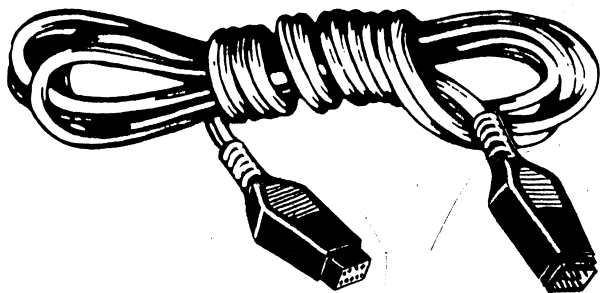

A handwritten signature in cursive script that reads "Sheila L. Zurzuski".

Part No. SS-103-CC

Now that you have purchased one of the best third generation game systems currently available on the market D-ZYNE VIDEO PRODUCTS introduces the SUPR-STICK CC the most technically advanced joystick controller which is fully compatible to Colecovision™.

SUPR-STICK CC features the pinpoint accuracy and light touch control of micro-switch technology, this is in addition to over size, easy to locate action buttons, a full function key pad complete with slot for over lays and a six foot non coiled cord.

NOW AT LAST with SUPR-STICK CC you can obtain a level of playability which is truly worthy of this extraordinary game system.

As a serious game player could you ask for anything less in your controller! If not prepare to step into the future of gaming with D-ZYNE VIDEO PRODUCTS.

**FEATURING A FULL
TWO YEAR LIMITED WARRANTY**

SUPR-STICK XL

Part No. SS-102-XL

SUPR-STICK XL is compatible with all ATARI® game systems and computers. SUPR-STICK XL is a joystick using only the highest quality components in its construction. XL features the pinpoint accuracy and light touch control of Micro-switch Technology, also the central location of the over size action button makes this stick equally enjoyable for both RIGHT and LEFT handed players.

SUPR-STICK XL is a smaller light weight version of our original SUPR-STICK DELUX. The base is much easier to hold, eliminating the only problem of the original. In addition to the above, SUPR-STICK XL features a six foot cord and a new low price. Are you ready for easier game playing and supr high scores then step into the future with D-ZYNE VIDEO PRODUCTS.
