

# WE'RE BACK!!!

## THE MYARC Hard & Floppy Disk Controller

### \$199.95

#### Features include:

- Hard drive transfer rate of 5Mbit per second, for speed comparable to an external RAM disk card.
- Interfaces with standard, off the shelf, hard, floppy and streamer/tape drives.
- Built-in real time clock, for time and date stamping of files.
- Supports up to four 5 1/4" and/or 3 1/2" floppy drives, mix or match.
- All disk formats, SS/SD (90K), DS/DD (320/360K), DS/QD (640/720K) supported.
- DS/HD (1.44MEG) supported on GENEVE 9640 ONLY.
- MYARC Disk Manager V, the most intuitive and user friendly manager available.

## ANNOUNCING MYARC'S 640K RAM

# GENEVE<sup>™</sup>

## MODEL 9640 FAMILY COMPUTER

This unit, without a doubt the most sophisticated machine ever offered in the family and small business area to date. With over a year of design and development, including input from more than one hundred users, this machine has surpassed even our own expectations. Take a moment to review some of the many features that place this computer in a class of its own.

- 99/4(A) COMPATIBLE RUNS OVER 95% OF ALL ASSEMBLY LANGUAGE PROGRAMS & UTILITIES
- MULTIPLAN ALSO 80 COLUMNS
- TI-WRITER NOW A FULL 80 COLUMNS

AVAILABLE NOW

### \$199.95

- LARGER Standard 512K 1 Wait State CPU Memory 32K High Speed 0 Wait State CPU Memory Expandable to 384K 0 Wait State 128K VDP Memory-Expandable to 192K Memory Expansion Cards Compatibility Include: MYARC 512K RAVE 99 MX-01 MEMEX 504
- 2 MEGABYTES addressable memory
- FASTER At least 2-3 times than a standard TI-99/4A
- MOUSE SUPPORT
- Separated Function Keys
- Incredible Graphics Capabilities
- Basic 3.0
- Composite Video Output
- RGB Output
- 128K VDP RAM Memory
- Compatible with Existing Peripheral Cards\* Disk Controllers\* (MYARC, TI, Corcomp) RS232 Cards\* (MYARC, TI, Corcomp)

- 40 Column Display
- 80 Column Display
- Mouse Output Port
- Joystick Port
- Sound Compatible
- True Hardware Utilities Sprites, Fills, Lines, Data Moves
- TI 9995 Processor Chip - 12 MHz

## MX01 MEMORY ENHANCEMENT SYSTEM

ORIGINAL PRICE \$219.95

**ON SALE FOR \$ 75.00**

**CONFIGURATIONS** - Three MODELS available

MODEL MX01/64 - Includes

8K Bytes memory at 6000 - 7FFF

8K Bytes Non-DSR Memory

8K Bytes System DSR Memory

8K Bytes User DSR Memory

32K Bytes MAIN Memory

Only Very Low-Power Memories Used

Advanced Memory Backup Design

Expansion sockets to increase memory to 544k.

RUNs Keyboard MACRO program & Super Cartridge Programs

ORIGINAL PRICE \$309.95

MODEL MX01/288 - Includes **ON SALE FOR \$ 125.00**

All of the features of the MODEL MX01/64 with additional memory included to have 256K Bytes of MAIN memory. RUNs Keyboard MACRO program, RAMDISK Software (1-DSSD, 1/2-SSSD), Modified version of MYARC XBII, and Super Cartridge Programs.

ORIGINAL PRICE \$399.95

MODEL MX01/544 - Includes **ON SALE FOR \$ 175.00**

All of the features of the MODEL MX01/64 with additional memory included to have 512K Bytes of MAIN memory. RUNs Keyboard MACRO program, RAMDISK Software (1-DSDD, 1-SSSD, 1/3-SSSD), Modified version of MYARC XBII, and Super Cartridge programs.

Special "memory mapping" of addresses 4000 - 7FFF allows an extra 16K BYTES of memory for assembly programs which allows program up to 48K in length without any user memory mapping required.

TWO (2) 8K Bytes "backed-up" DSR's are provided. One is reserved for the system software, the other for the user.

**NON-DSR Space** - The memory at address space 4000 - 5FFF is used normally to map in a Peripheral Device Service Routine. When a device's DSR is not mapped in, this memory space goes unused. Now 8k Bytes are mapped in when no other DSR is active.

**SOFTWARE COMPATIBILITY** - All software originally programmed to run on the T1 32K memory expansion card are compatible.

**Memory Management software** is supplied which controls the memory bank switching, Cartridge space access, and loading of programs into the DSR memories. System "CALL's" from (X)BASIC allow the selection of the 32K memory bank to map into the computer as well as enabling/disabling the "CARTRIDGE" memory space (6000 - 7FFF).

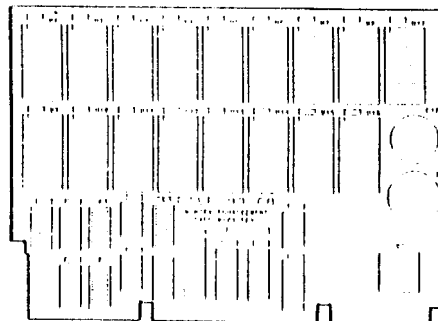

The NEW Memory Enhancement Card allows memory expansion for the T1-99/4A up to 544K bytes of backed-up memory. Up to FOUR (4) memory cards may be installed in the PEB which allows access to over 2 MEGABYTES of "BACKED-UP" memory. The Memory Enhancement Card replaces your existing 32K memory so that no additional PE Box card slots are required.

## MX01 MEMORY ENHANCEMENT SYSTEM

Memory Back-up is provided in two methods. 1). The card is designed to backup the memory for about 5 days without the use of batteries or external power source. Each time the system is turned on, the Card "RE-CHARGES" itself automatically. 2). To extend the back-up time beyond 5 days, an optional LITHIUM battery may be installed which provides back-up for months to years.

**HARDWARE REQUIREMENTS** - T1-99/4A with PE BOX, E/A and Extended BASIC Modules. Note the T1-32K memory expansion card must be removed from the PE Box. This memory is located on the Memory Enhancement Card.

**HARDWARE COMPATIBILITY** - Works with the following PE Box Cards: T1 RS232 Card, T1 Disk Controller Card, MYARC Floppy Disk Controller Card, Corcomp Disk Controller, Horizon RamDisk, and RAVE 99 Speech Adapter Card. Other cards MAY work but have not been tested.

MX01 MEMORY ENHANCEMENT CARD

ADVANCED programs, SOLD separately, which take advantage of the additional memory include:

RAVE 99 RAVE\_OS

RAVE 99 Keyboard MACRO Loader

RAVE 99 RAMDISK Software

RAVE 99 PRINT Spooler (to be released)

RAVE 99 MODIFIED version of MYARC's Extended BASIC, runs without a cartridge.

RYTE DATA's COMMAND DOS

R.A. Green's MACRO Assembler

DataBiotech Software Support Loader

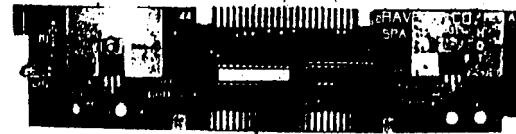

No Surcharge on Credit Cards

## Speech Synthesizer Adapter Card

ORIGINAL PRICE \$49.95

**ON SALE FOR \$ 29.95**

### Features:

- o Compatible with the T1-99/4A and 9640 GENIEVE Computer.
- o Software compatible with T1-Speech Synthesizer.
- o High quality construction.
- o 90 Day Warranty

## IBM Style Keyboard Interface Card 99XT

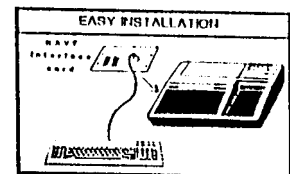

ORIGINAL PRICE \$149.95

**ON SALE FOR \$ 39.95**

## PC Keyboard Interface

Our Model 99XT Interface Card installs in the 99/4A console in place of the old keyboard. Only a screw driver is the only tool needed for installation. Comes with clear step by step instructions. NO Soldering required.

The Model 99XT Interface Card allows use of any IBM PC/XT compatible keyboards with your 99/4A. The Interface Card supports all 83 standard PC/XT key codes. Keyboards that "Auto" select between an XT and AT compatible computers will not work. A switch selectable XT/AT keyboard is compatible.

### Key Assignments

#### Function Keys

The Model 99XT Interface Card provides single key press operation for the T1 2-key press combination "FCIN-0" through "FCIN-9".

#### Cursor Keys

The Model 99XT provides single key press operation for the T1-2 key press combination "FCIN-E", "FCIN-S", "FCIN-D", and "FCIN-X"

#### Page Keys

The Model 99XT provides single key press operations for the following T1 2 key press combination:

PAGE - UP (FCIN-6), Page-Down (FCIN-4)

## HERE ARE THE HIGHLIGHTS OF TI'S BIG LIBRARY OF PROGRAMS FOR THE TEXAS INSTRUMENTS HOME COMPUTER.

### Demonstration PHM3001 \$14.95

This module is designed to provide a complete, automatic, and easy-to-use demonstration of the various features of the Texas Instruments Home Computer. Demonstration module presentations provide a carefully sequenced overview of the TI Home Computer and the Command Module concept. It's fully automatic and requires no operator intervention once inserted in the computer. Cartridge.

### Information Management

### Home Financial Decisions PHM3008 \$4.95

Helps you make informed decisions regarding general loans, home and car buying, and personal savings. Cartridge.

### Household Budget Management PHM3007 \$4.95

Helps set budget guidelines, track income and expenses, and keep easily accessible records. Cassette or Disk Data storage system required. Cartridge.

### Securities Analysis PHM3012 \$9.95

Offers a variety of securities analysis techniques. Excellent for brokers and serious investors. Cartridge.

### Personal Record Keeping PHM3013 \$8.95

Create a computer-based filing system—home inventory, car maintenance records, medical and dental records, etc. Cassette or Disk Data storage system recommended. Cartridge.

### Statistics PHM3014 \$11.95

This program performs a variety of statistical calculations for you with computer speed and accuracy. Leaves you more time to analyze the results and apply them to your particular situation. Adds 30K bytes of active memory with stored program to your TI Home Computer. Cartridge.

### Tax/Investment Record Keeping PHM3016 \$4.95

Provides an aid for organizing and recording your tax and investment data in a single, flexible filing system. Disk system required. Cartridge.

### Personal Real Estate PHM3022 \$4.95

Many alternative personal real estate investments can be easily evaluated. For real estate agents and investors. Cassette or Disk Data storage system recommended. Cartridge.

### Personal Report Generator PHM3044 \$8.95

Design and produce complex reports that analyze your data files. Provide powerful Data File Management and Report Management routines. Requires Personal Record Keeping Cartridge, Printer and RS 232 Interface. Recommended, Disk drive and controller, or Program Recorder. Cartridge.

### TI Writer PHM3111 \$18.95

Word processing system exclusively for the TI-99/4A. Provides many features of word processors costing much more. Requires disk drive and controller, 32K Memory Expansion Unit, Printer and RS 232. Cartridge and Disk.

### Microsoft (1) Multiplan (1) Electronic Worksheet PHM3113 \$18.95

Second-generation electronic worksheet with many advanced features and built in ease of use. Requires disk drive and controller, and 32K Memory Expansion Unit. 99/4A only. Printer and RS 232 recommended. Cartridge and Disk.

### Terminal Emulator II PHM3035 \$4.95

Links your home computer to the telecommunications world-accessing subscription data services and time-shared systems. Plus access of text-to-speech from user-written programs. Cartridge.

### Education \*

### Early Learning Fun PHM3002 \$5.95

Helps teach shape, number and letter recognition, counting, sorting, and the alphabet—as well as teaching first computer skills. Ages 3-6. Cartridge.

### Beginning Grammar PHM3003 \$13.95

Introduces the basic parts of speech and how they are used to build sentences. Grades 2-5. Cartridge.

### Number Magic PHM3004 \$8.95

Provides enrichment, drill and practice in basic mathematics. Ages 6 and up. Cartridge.

### Video Graphs PHM3005 \$8.95

An easy-to-use program for creating your own designs by interacting with preprogrammed graphics. For all ages. Cartridge.

### Early Reading (Speech)(3) PHM3015 \$8.95

Engaging color graphics and computer speech introduce and reinforce important reading skills. Speech synthesizer required. Cartridge.

### Reading Fun (Speech)(3) PHM3043 \$8.95

Stories and practice drills help build vocabulary and reading skills. Grades 1-3. Speech Synthesizer is recommended. Cartridge.

### Reading On PHM3046 \$23.95

Teaches skills required to understand maps, graphs and schedules. Several stories and appropriate drills reinforce skills. Grade 3. Cartridge.

### Reading Roundup (Speech)(3) PHM3047 \$10.95

Several stories teach 4th grade level readers idioms, figures of speech and word meanings in context. Speech Synthesizer optional. Cartridge.

### Reading Rally (3) PHM3048 \$10.95

Practice basic reading skills and learn the difference between fact and opinion; understand the author's purpose and the bias and connotation of words. Grade 5. Cartridge.

### Reading Flight (Speech)(3) PHM3082 \$10.95

For 6th grade level readers, several stories with special exercises to teach summarizing, classifying and outlining skills. Speech Synthesizer is optional. Cartridge.

### Addition/Subtraction I (Speech)(3) PHM3027 \$8.95

Teaches basic arithmetic skills and provides drills for reinforcement. Grade level 1. Speech synthesizer recommended. Cartridge.

### Addition/Subtraction II (Speech)(3) PHM3028 \$8.95

More difficult problems and techniques than found in Addition/Subtraction I. Grade levels 1-2. Speech Synthesizer recommended. Cartridge.

### Multiplication I (Speech)(3) PHM3029 \$8.95

Teaches the basics of multiplication. Grade levels 3-4. Speech Synthesizer recommended. Cartridge.

### Division I (Speech)(3) PHM3049 \$22.95

Teaches the basics of division. Grade levels 3-5. Speech Synthesizer recommended. Cartridge.

### Numeration I (3) PHM3050 \$13.95

For children in Grades 1-3. Introduces basic number concepts including grouping, greater than, less than, and place value. Cartridge.

### Numeration II (3) PHM3051 \$8.95

Children in Grades 4-6 can learn more about basic math facts introduced in Numeration I. Cartridge.

### Computer Math Games II (4) PHM3083 \$23.95

Five games-Grades 1-9. Practice with place value of whole numbers or decimals. Colorful game format. Timed practice with addition, subtraction, multiplication, division practice using whole numbers, decimals, or integers. Cartridge.

### Computer Math Games III (4) PHM3085 \$23.95

Five games-Grades 1-9. Practice with counting, addition, subtraction, multiplication, division, finding squares, reducing fractions. Colorful graphics. Cartridge.

### Computer Math Games IV (4) PHM3086 \$23.95

Practice with inequalities involving whole numbers, fractions, decimals, integers. Addition, subtraction, multiplication, or division practice using whole numbers, decimals or integers. Cartridge.

### Computer Math Games VI (4) PHM3088 \$23.95

Five games-Grades 1-9. Practice with whole numbers, fractions, decimals and integers. Develop methods of problem solving and decision making. Practice either alone or with other players or team members. Cartridge.

### Alien Addition (For addition skills)(5) PHM3115 \$23.95

Alien invaders can be stopped only by firing a laser cannon which "equalizes" the enemy with correct answers to addition problems on the alien spacecraft. Cartridge.

### Minus Mission (For subtraction skills)(5) PHM3118 \$23.95

A robot defends its territory from the "creeping slime." Blobs of slime carrying subtraction problems can be destroyed only if you provide the robot with the correct answers. Cartridge.

### Alligator Mix (For discrimination skills)(5) PHM3114 \$23.95

Hungry alligators must be fed but they only eat apples which bear the correct answers to the addition or subtraction problems which appear on their stomachs. Cartridge.

### Demolition Division (For division skills)(5) PHM3116 \$23.95

Four tanks, each carrying a division problem, advance towards barricades which protect your cannons. Your only ammunition is the correct answer to the division problem which each tank carries. Cartridge.

### Dragon Mix (For discrimination skills)(5) PHM3117 \$23.95

The vigilant dragon stands guard, but the enemies of the city are advancing. The firebreathing dragon can defend the city only when you rapidly match the correct answers to the multiplication and division problems which the invaders carry. Cartridge.

### Addition(Milliken) PHM3090 \$13.95

A self-paced addition "tutor" suitable for children from kindergarten to grade eight. Cartridge.

### Subtraction(Milliken) PHM3091 \$13.95

A self-paced subtraction "tutor" suitable for children from kindergarten to grade eight. Cartridge.

### Multiplication(Milliken) PHM3092 \$13.95

A self-paced multiplication "tutor" suitable for children from grades three through eight. Cartridge.

### Division (Milliken) PHM3093 \$13.95

A self-paced division "tutor" suitable for children from grades three through eight. Cartridge.

### Integers (Milliken) PHM3094 \$13.95

A self-paced "tutor" which presents a variety of math problems with both positive and negative numbers. Suitable for children from grades 5-8. Cartridge.

### Fractional Numbers(Milliken) PHM3095 \$13.95

A self-paced "tutor" which presents a variety of math problems involving fractions. Suitable for children from grades 5 through 8. Cartridge.

### Decimals (Milliken) PHM3096 \$13.95

A self-paced "tutor" which presents a variety of math problems involving decimal numbers. Suitable for children from grades 5 through 8. Cartridge.

### Percents (Milliken) PHM3097 \$13.95

A self-paced "tutor" which presents a variety of math problems involving percents. Suitable for children from grades 5 through 8. Cartridge.

You are the captain of the U.S.S. MoonMine and your mission is to capture treasures stolen from earth. Battle against the mighty Zygonaut and his menacing creatures to save the world's most valuable treasures! MoonMine offers an adventurous space journey loaded with dangerous thrills! A one-player game which tests your skills in strategic planning and quick thinking. ARCADE style. Speech Synthesizer recommended. Cartridge.

### Sneggit PHM3145 \$8.95

Save the eggs! Hungry snakes are in the barnyard, devouring your eggs by the dozen. You must survive the reptilian attack and save as many eggs as possible. Cartridge.

### Munchmobile PHM3146 \$4.95

Drive your Munchmobile down dangerous roads while trying to grab and munch the snacks scattered along the way. Be careful-one wrong move and you lose a Munchmobile! Cartridge.

### Treasure Island PHM3168 \$18.95

Treasure Island is sinking! Your only hope for survival lies at the top of the island. Can you grab the treasures and escape the monsters and gorillas in time to climb to safety? Cartridge.

**Return to Pirates Isle** PHM3189 \$9.95  
Step into a fantasy world where logic and ingenuity are your keys to success. Return to Pirates Isle, another game in the popular Adventure series, challenges you to find hidden treasures in a treacherous environment. May also be used with the TI Disk Memory System or a cassette recorder. Cartridge.

**Slymoids** PHM3197 \$8.95  
You are a sharp-shooting cowboy battling hordes of alien Slymoids. Attack them on grassy slopes, in castles, and in caves. Shoot quickly before the creatures overpower you. Cartridge.

**Star Trek (Speech)** PHM3225 \$18.95  
The power of the Starship Enterprise is at your command. Cross the galaxies with Warp Drive and Impulse Power. Defend the Federation with Photon Torpedoes and Phasers. Ward off the treacherous attack of the Klingons, the villains of the cosmos! Speech synthesizer optional. Cartridge.

**Buck Rogers (SEGA)(Speech)** PHM3228 \$18.95  
You're Buck Rogers rescuing the Planet Zoom from invading aliens. Maneuver your spaceship through towering Electron Posts. Destroy attacking Space Hoppers and Alien Saucers. Face the ultimate challenge—the dreaded Mother Ship! Speech synthesizer optional. Cartridge.

**BurgerTime** PHM3233 \$8.95  
You are Peter Pepper the chef. Ghastly pickles, terrifying hot dogs, and menacing eggs are invading your kitchen! Can you escape the villains in time to make your burgers? Cartridge.

**Car Wars** PHM3054 \$3.95  
The excitement of high speed racing is combined with the challenge of getting a car around the track without crashing with computer cars. ARCADE style. Cartridge.

**Tombstone City: 21st Century** PHM3052 \$3.95  
A fight for one player against an invading horde of alien mobs in an Old West ghost town. ARCADE style. Cartridge.

**Chisholm Trail** PHM3110 \$3.95  
Ride this Chisholm Trail and you'll be challenged to move a steer while fighting rustlers, brand monsters and other dangers. ARCADE style. Cartridge.

**Othello (9)** PHM3067 \$9.95  
A board game demanding clever strategy to outflank your opponent and capture his discs between yours. Play against the computer or a human opponent. A classic. Cartridge.

**Football** PHM3009 \$9.95  
An exciting computer simulation of football based on actual professional football statistics. Cartridge.

**Indoor Soccer** PHM3024 \$13.95  
A 2-player version of fast-paced five-on-a-side soccer. You can pass, shoot, intercept, save, and tackle. Cartridge.

**Amazing** PHM3030 \$9.95  
From simple mazes to a cat-and-mouse chase situation. Thirteen options with a total of 5200 different variations are possible. ARCADE style. Cartridge.

**Mind Changers** PHM3025 \$8.95  
Game I challenges the player(s) to echo a sequence of notes. Game II is a code-breaking game using shapes and colors. Cartridge.

**Video Games I** PHM3018 \$9.95  
Practice your aim with Pot-Shot, try your skill at Pinball, or trap your opponent with Doodle. Cartridge.

**The Attack (10)** PHM3031 \$1.95  
Play the commander of a ship in a region of space infested by "spores" and "aliens" which must be destroyed. ARCADE style. Cartridge.

**Blasto (10)** PHM3032 \$2.95  
A one or two player tank challenge to destroy a field of mines while avoiding your opponent's fire. Cartridge.

**Blackjack and Poker (10)** PHM3033 \$9.95  
These computer-simulated card games allow betting with a bankroll you wish you had. Up to four players. Cartridge.

**Hustle (10)** PHM3034 \$5.95  
Direct a snake-like object to hit targets while avoiding your opponent, the edge of the screen, and even yourself! One or two players. Cartridge.

**ZeroZap (10)** PHM3036 \$6.95  
Fast-action computerized pinball game with electric light and sound effects. Cartridge.

**Hangman (10)** PHM3037 \$13.95  
Players try to figure out the mystery word. Each wrong guess brings you closer to the gallows. Cartridge.

**Connect Four (10)** PHM3038 \$8.95  
A challenging vertical strategy game. Players must get four markers in a row—down, across or diagonally—to win. Cartridge.

**Yahtzee (10)** PHM3039 \$34.95  
This exciting dice game combines strategy and chance. A classic. Cartridge.

**Adventure International Series (11)**  
11 exciting adventures from Scott Adams. With the Adventure Cartridge and one of the eleven cassette or disk-based Adventure games, you can experience many different adventures. Each game challenges your powers of logical reasoning and may require hours, or weeks to complete. The Adventure cartridge is packed with Pirate Adventure. The other Adventures are: Adventureland, Secret Mission, Voodoo Castle, The Count, Strange Odyssey, Mystery Fun House, Pyramid of Doom, Ghost Town, Savage Island I & II, and The Golden Voyage. Disk or Cassette.

**Tunnels of Doom**  
PHM3042D \$8.95 PHM3042T \$11.95  
Enter a world of fantasy, fight countless monsters, gather treasure and save the king. Tunnels of Doom includes two games; Quest for the King and Pennies and Prizes. Program Recorder or Disk Memory System required. Cassette and Disk.

**Jawbreaker** PHM3194 \$5.95  
A thrilling one-player game narrow escapes and sudden danger. You control the jawbreaker, a powerful set of teeth, and race each screen by devouring dots and special treats. Then a toothbrush cleans your teeth to get you ready for more action. Use your cunning and strategy to avoid the grinning gobblers who come at you from either side. Eating energizers gives you the power to chase and destroy the gobblers. Watch out—your power is temporary. Soon the grinning gobblers will turn and try to eliminate you. Cartridge.

**Hopper** PHM3229 \$8.95  
Escape from danger and captivity with Chadley the kangaroo. Outsmart the nasty circus trainers by trapping them with their own crates. You are surrounded by crates in the hold of an ocean freighter. Three circus trainers are trying to capture you. Your only defense is kicking the same crates that the trainers will use to trap you. With quick thinking and lightning reflexes, you will be able to trap the trainers. Remember, one wrong move and you will be captured! Cartridge.

**M\*A\*S\*H** PHM3158 \$8.95  
Airlift soldiers wounded on a battlefield to the 4077 MASH unit. Time is running out for the wounded and you must operate to save their lives. A hawk's eye and a steady hand will help you sew up the highest score. Cartridge.  
\*MASH is manufactured under license from Fox Video Games, Inc.

**Milton Bradley MBX Cartridges**  
"Bright Beginners Series"  
These include four games which teach elementary programming, music and other learning concepts. Ages 4-8.

**Honey Hunt (tm)** PHM3156 \$8.95  
Help out little bee find flowers, but beware of spiders and dragonflies! Children try to remember safe routes through the meadow. Perky music intensifies game play. Simple game play with bright graphics. Speech Synthesis. MBX System is optional. Speech may be accessed through MBX Expansion System or Texas Instruments Speech Synthesizer. Cartridge.

**Soundtrack Trolley (tm)** PHM3157 \$8.95  
Pick up funny musicians and combine their tunes to form a band! Choice of three delightful musical games. Children play, match or follow a tune on key pad. Speech Synthesis. MBX System is not required for game play. However, the MBX System or the Texas Instruments Speech Synthesizer is needed to access speech. Cartridge.

**Terry Turtle's Adventure (tm)** PHM3154 \$8.95  
Tell Terry how to get home and watch him obey and talk back! Children guide Terry through a changing landscape. Teaches elementary programming and learning concepts. Ten basic commands keep things simple. Speech Synthesis and Voice Recognition. MBX System required. Cartridge.

**I'm Hiding (tm)** PHM3155 \$8.95  
Hide-and-seek fun with bugs playing peek-a-boo in a crayon box. Bugs actually call out clues to tell kids if they're "hot" or "cold". Speech Synthesis and Voice Recognition. MBX System required. Cartridge.

**"Arcade Plus Series"**  
These are six arcade style games that take you from home town ball parks to meteor belts, far away.

**Championship Baseball (tm)** PHM3148 \$18.95  
Dazzling diamond action with a computer umpire to call out the plays. Make up your own team names for the scoreboard. Umpire actually calls out plays and pitches. Realistic player movements and ball park music. Voice Recognition and Speech Synthesis. MBX System required for game play. Cartridge.

**Sewermania (tm)** PHM3150 \$13.95  
Defuse a time bomb in a sewer filled with killer rats and alligators! Pick up "shovel" to bash the rats. Close up passageways behind you. Voice Recognition and Speech Synthesis. The MBX System is optional for game play. However, it is needed for Voice Recognition and Speech capability. Cartridge.

**Super Fly (tm)** PHM3153 \$8.95  
Destroy the alien spiders before the next batch hatches and gets you! Watch eggs develop into spiders before your eyes. Maneuver the fly into position and zap the spiders! Voice Recognition and Speech Synthesis. MBX System is optional for game play. However, MBX System of TI Speech Synthesizer is required to access speech. Cartridge.

**Space Bandits (tm)** PHM3149 \$8.95  
Snatch up space crystals in a 3-D maze. Chased by deadly android guards! 3-D movement and visual effects. Wrap around shooting action. Voice Recognition and Speech Synthesis. MBX System is optional for game play. However, it is needed for Voice Recognition and Speech capabilities. Cartridge.

**Bigfoot (tm)** PHM3151 \$8.95  
Can you dodge boulders and eagles to climb high and capture Bigfoot? Six mountains, each more challenging than the previous. Pick up supplies and gold for bonus points. Throw our rope and align your climber. Speech Synthesis. MBX System is optional for game play. However, it is needed for Speech capability. Cartridge.

**Meteor Belt (tm)** PHM3152 \$8.95  
Let your computer co-pilot warn you of enemy ships in this daring space duel! Fast action, destroy meteors and rival spaceships. Speech Synthesis. MBX System is optional for game play. However, MBX System of TI Speech Synthesizer is required to access speech. Cartridge.

#### IMAGIC Video Game Series

**Microsurgeon (tm)** PHM3220 \$9.95  
Pilot the robot probe through arteries, veins, and the lymphatic system. Eliminate deadly bacteria, tumors, cholesterol, tapeworms, tar deposits, and other life threatening diseases as you go! Speech Synthesis optional. Cartridge.

**Demon Attack (tm)** PHM3219 \$8.95  
Suicide patrollers and tentacled terrorists from the demon armada shower the moon with devastating power. Annihilate them with your laser cannon. Then lift off and destroy the core of pandemonium, flagship of the demon armada. Cartridge.

**Moonsweeper (tm)** PHM3224 \$13.95  
USS Moonsweeper alert! Reach and rescue miners stranded on hostile moons in star quadrant Jupiter 2. Warning! Deadly photon torches, space bullets, and armed launcher ships are programmed to destroy you. Speech Synthesis optional. Cartridge.

**Fathom (tm)** PHM3222 \$6.95  
Soar through the skies as a seagull and explore the depths of the sea as an enchanted dolphin. Search for pieces of the magical trident that unlocks the pirate ship holding a captive mermaid. Beware! Danger lurks on land and sea. Speech Synthesis optional. Cartridge.

#### Computer Programming Aids

**Speech Editor** PHM3011 \$19.95  
Discover the excitement of a computer-generated voice with words, phrases and sentences selected from the Solid State Speech (tm) Synthesizer's resident vocabulary. Speech Synthesizer required. Cartridge.

**Text-to-Speech (English)**  
Let your computer speak almost any word in the English language. Speech Synthesizer, 32K RAM expansion, Extended BASIC cartridge required. Disk.

**Editor Assembler** PHM3055 \$15.95  
Allows you to program your TI Home Computer in TMS 9900 Assembly Language. Gives you access to all system features and provides the fastest speed possible from the computer's 16-bit microprocessor. Disk system and 32K RAM expansion required. Cartridge.

**Mini-Memory** PHM3058 \$23.95  
Add 6K bytes of graphics GROM, 4K bytes of ROM, and 4K bytes of RAM by plugging in one cartridge. Built-in battery retains memory even when cartridge is unplugged. Cartridge.

**Extended BASIC** PHM3026 \$29.95  
Programming language compatible with TI-99/4A BASIC with the following feature enhancements; multi-statement lines, IF-THEN-ELSE statements, direct screen accessing, output formatting with "using" clause, BASIC sub-programs with arguments and local variables, auto booting of disk programs, easy control of up to 28 sprites from BASIC, program chaining, merging of code, protected programs, "ON ERROR" statements and BOOLEAN functions (AND, OR NOT etc.). Cartridge.
